

The Dream Continues..

A hospital room can be a lonely and frightening place for a sick child. Although medical science works wonders to heal the body, it cannot provide what a child really needs most -- the love and support of a family close at hand.

Ronald McDonald House helps keep families together in times of medical crisis. In January 2000, Mobile opened its own Ronald McDonald House, serving families from hometowns throughout southern Alabama and southeastern Mississippi while their children receive specialized medical treatment at any Mobile area hospital.

Located at the corner of Springhill Avenue and USA Children's and Women's Parkway, Ronald McDonald House has 38 family bedrooms including two isolation suites, kitchen, dining and living rooms, three laundry rooms, play areas, exercise and computer rooms, outdoor patios, gardens and a playground. It serves nearly eight hundred families annually.

You can help support Mobile's Ronald McDonald House! It takes as little as \$250 to purchase a personalized brick paver and it means far more than just a chance to leave your name on a part of our house. Your gift means you are helping to continue the dream of our "House That Love Built" for hundreds of families each year.

Buy a brick engraved with your family's name, your business, church or club's name, the name of a relative, name of a loved one in whose memory or honor you wish to acknowledge, a slogan or inspirational verse. The bricks will be installed in the House's main walkways -- a permanent legacy seen by thousands of visitors each year.
